

Virtual Family Caregiver's Support Group

This support group is to provide a gathering space of family caregivers with shared challenges and experiences. To help to build community within family caregivers, brainstorm coping strategies, find informal supports, and provide resources, offer peer to peer support in a safe, non-judgmental environment. Our first meeting will focus on the importance of mental health for family caregivers.

Maurita Olguin

NLRN Central Service Area Coordinator

Ivy Bloom

NLRN Southeast Service Area Coordinator

Vicki Anson, LIMHP

Licensed Independent Mental Health Practitioner
